## CAPPED PRICE SERVICE

### Peace of mind with Nissan Capped Price Service

Nissan Capped Price Service gives you the confidence of knowing that your vehicle is being serviced by factory-trained technicians using only Nissan Genuine Parts. Our current service prices are available to view online, giving you peace of mind when servicing at any Nissan Dealership that you will know exactly how much your Scheduled Service will cost.

### Why do service costs change from service to service?

Each Scheduled Service is different, but all are equally important to make sure your Nissan keeps running smoothly and reliably. For some Scheduled Services, additional parts have to be replaced and a longer period of time is spent by technicians to complete the service. This means that the price of your Scheduled Service may vary from one service to the next. Please refer to your Owner's Handbook to discover exactly what items are covered by your Scheduled Service. Your Service Advisor will explain which services will be more expensive and why, but each of these Scheduled Services will come with the assurance of being able to view the maximum cost.

### Not all services are the same

Everyone drives their Nissan differently – from stop-start driving in city traffic, to driving off-road through the bush. Therefore, service requirements may vary from driver to driver and vehicle to vehicle. If any additional work is required (over and above the stated Scheduled Service price) your Service Advisor will seek your approval prior to performing such additional work.

### When do I need to service my Nissan?

It's not only the distance you travel that determines when you need to have your Nissan serviced. In fact, cars that are used for regular short trips around town are more at risk of premature engine and battery wear. Other fluids in your car, such as brake and transmission fluids, can also deteriorate over time. So to keep your Nissan running smoothly and reliably, make sure you follow the recommended service intervals.

### Why service my Nissan at Nissan?

When you have your vehicle serviced at a Nissan Dealership, you can rest assured that your car is in the safest of hands.

- Nissan technicians are **factory-trained experts**
- They use the very latest **Nissan diagnostic equipment** specifically designed to suit your car and are backed by the Nissan global comprehensive technical support team
- Nissan Dealerships use only **Nissan Genuine Parts** which come with a 12-month/20,000km<sup>^</sup> warranty and are designed, tested and manufactured to the exacting standards of Nissan, so you can be sure your Nissan remains 100% genuine
- A verified **Nissan Service History** will also help maximise your vehicle's resale value

<sup>^</sup>The Genuine Parts warranty covers a period of 12 months or 20,000km from the time the part was first fitted to the vehicle in a Nissan authorised workshop, whichever occurs first, or the balance of the Nissan New Vehicle Warranty, whichever is longer. Batteries are covered for a period of 12 months (unlimited kilometres) whether sold over the parts counter or fitted in a Nissan authorised workshop. NOTE: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.
